Parents of children with severe allergies requiring the possible use of an EpiPen should advise the check in attendant at the time of each check-in. EpiPens must be supplied by the parents of the affected child.

Injury & First Aid

We can administer ONLY band-aids and ice packs

If a child is injured while in the care of the children's ministry, the teacher or volunteer will immediately notify the Children's Director. The Director will be responsible for advising the child's parent. All injuries must be reported no matter how minor they may seem. The teacher must complete an "Owie Report" as soon as possible.

Hand Washing Policy

- Before handling food or snack (for teacher)
- Before and after changing diapers (if a child has a poopy diaper, hands should be washed with soap and water)
- After helping a child in the bathroom
- After wiping and blowing noses

Diaper Changing

- There is one designated area for changing diapers. All children should have their diapers changed in the same area, in order to maintain child safety.
- Only female staff/volunteers may change diapers
- Wash or sanitize hands prior to changing diapers.
- Wash and sanitize hand after changing diapers.
- Be sure to wipe down diaper area with disinfection wipes after changing diaper.
- Check all babies' diapers 30 minutes prior to the end of the gathering. Every child should go home with a clean diaper

SAFETY AND SECURITY

- Each applicant desiring to serve in our Children's Ministry is required to complete an application process, which includes a personal interview, reference and criminal background check.
- Each volunteer in our ministry is required to read and abide by the policies and procedures outlined in this manual.
- Each volunteer is required to undergo a "shadowing" (familiarization) process with a seasoned volunteer before assuming classroom responsibilities.
- There is a "two adult" rule that is in place for all children's classrooms and Events. There must be two adults present while children are present. This is to protect the children from possible abuse and the teachers/volunteers from false accusations. If a situation arises where only one adult is present, an unobstructed view of the entire classroom must be maintained.
- In the event that there is a need for last minute volunteers (who have not been screened according to policy), the individuals responding will be cleared for temporary duty by either a Director or a Pastor and placed with an experienced teacher/volunteer who has completed the application process and been cleared for service. Individuals on the backup volunteer list will be utilized first.
- Loft doors must be locked with keys in the interior lock at all times when children are present.

Restroom Policy

- A volunteer is never allowed in a bathroom alone with a child.
- Only female staff/volunteers may assist toddlers/preschools in the bathroom
- Assist children with their clothing in the open doorway before they go into the bathroom if necessary.
- Encourage children to do as much of this for themselves as possible.
- If needed, please stand with your foot in the door to monitor the needs of the child.
- If you have an emergency situation where a child is sick or needs your assistance, please prop open the bathroom door and ask another helper to come into the bathroom and assist you.
- Please contact the parents if there is a problem or if the child is indeed sick.

Background Screening and General Safety Policies

In order to ensure a safe environment for children and youth, Humanity will take all of the following measures:

- Provide appropriate safety training for all leaders, staff and volunteers who work with children or youth,
- Provide means by which potential volunteers are screened before beginning their volunteer work, and
- Require safety policies and procedures for working with children and youth.

In cooperation with the laws of California, Humanity Church prohibits registered sex offenders

from working with children or youth.

- Humanity also prohibits such persons from being in close proximity to places where children or youth are gathered.
- Humanity also prohibits anyone who has been convicted of a felony, violent crime or any sexual offense (even if they are not required to register as a sex offender) from working with children or youth.
- Applicants whose volunteer application is rejected due to a violent crime or sex offense have the right to appeal to the Families Pastor.
- Anyone found on Megan's Law website will not be permitted to volunteer with children or youth.
- In the event that a volunteer is legally charged with a felony, violent crime, or any sexual offense, the volunteer will immediately be placed on leave until cleared of all such charges.
- In the event of an emergency situation, where a volunteer is needed but there is not time to perform the required checks and trainings, the Families Pastor may grant one-time approval for the volunteer to serve with children or youth. If one-time approval is granted, the volunteer will only be allowed to work with children or youth under the direct supervision of an appointed children or youth leader. Under no circumstance would failure to plan constitute an emergency.

EMERGENCY GUIDELINES

Minor injuries

An "Owie Report" must be completed if any First Aid is administered. Parents should be informed at pick-up of any injuries, whether or not First Aid was administered.

Major Injuries

In the event of broken bones, major bleeding, seizures or any other major medical emergency:

- If necessary, call 911.
- A Lead Staff/Volunteer stays with the child.
- A Lead Staff/Volunteer must notify the parents, Families Pastor and appropriate area Director immediately.
- A Lead Staff/Volunteer guides the ambulance/medical professional to the injured child.

- Remaining Lead Staff/Volunteer insures that there is no crowding around the injured child and supervises any other children under their care.

- Teachers will escort children through the nearest emergency exit and away from the building to the designated safety zone. (open space across the street)
- Lead Staff/Volunteers should stay with their children until every child is physically reunited with his/her parent/guardian.

Earthquake protocol In the event of an earthquake while indoors:

- DROP down onto your hands and knees.
- COVER your head and neck (and your entire body if possible) under the shelter of a sturdy table or desk. If there is no shelter nearby, get down near an interior wall or next to low-lying furniture that won't fall on you, and cover your head and neck with your arms and hands.
- HOLD ON to your shelter (or to your head and neck) until the shaking stops. Be prepared to move with your shelter if the shaking shifts it around.

In the event of an earthquake while outdoors;

- Stay outside and keep away from buildings, utility wires, sinkholes, and fuel and gas

lines.

- The greatest danger from falling debris is just outside doorways and close to outer walls. Once
In the open, get down low (to avoid being knocked down by strong shaking) and stay there until
the shaking stops.

Active shooter protocol

If an active shooter is in the room: 1. All persons (children/volunteers/staff/etc.) must get down immediately. If an active shooter is on campus:

HUMANITY KIDS CLASSROOM MANAGEMENT GUIDELINES

In order to preserve the dignity of all children and youth, we practice positive reinforcement and choices within boundaries. We avoid “command type” language, and instead promote language that allows children choices, just as God does with us.

Communicate the Boundary

- If a child is making a choice that is unsafe for them, it is advised that the teacher point out that they are noticing the behavior and let the child know that that is not a choice for them.

Provide Acceptable Choices

- Provide the child with two mutually beneficial and safe choices. Allow child to choose between the offered choices.
- If the child continues to make a choice outside of the boundaries, a consequence and discussion with a Teacher is advised. If the behavior persists, immediately elevate to a Pastor. Parent may be notified immediately.

Appropriate Touch

- Children’s physical boundaries should be respected. If children are receptive to physical affection, touch should be limited to the upper back/shoulders to the elbow. High fives, handshakes and quick hug are also permitted.
- Children should be encouraged to sit independently and not on volunteer laps. Children are not permitted to sit on the laps of male volunteers.
- Babies to Preschool-aged children may be picked up and carried. Elementary-aged children and youth may not be picked up and carried.
